The little colored and retractable key

- **Retractable cap "Pop Effect"**
- **Design & Compact**
- **Data protection system included**

Pop key is a functional, colored and funny key that you will keep with you all the time. You can storage your office files and personal datas such as files, pictures, videos and titles up to 16GB. Thanks to its original cap opening "Pop Effect", you won't ever loose your cap. You can open and close the cap with a simple vertical finger movement. USB connector is always protected. Now you can work from any PC in a confidential and secured way thanks to the data protection system with password included.
